

The Tree & Landscape Committee (TLC)

Tom Hilton, President and VHL Board Members,

In 2010 the Tree and Landscape Committee, (TLC), started as an Ad Hoc Committee of the Planning Cttee., with about five members. We provided Memorial Trees to the POA, at no cost to VHL. From then until now, we have planted approximately several hundred trees, which beautify and add value to the Park.

Following damage from three recent hurricanes, we revitalized the Committee, (now with some 20 members), refurbished many islands, and cleaned up the front entrance, adding color and a welcoming look.

This year we continue to beautify VHL, adding value to all properties, and bringing pride to VHL.

Based on this activity, we formally request that TLC become a full standing Committee.

Thank you,

Ian Newton, Chair Tree and Landscape Committee.

PS. Please see attached the SOP for the TLC.
